TURKISH WIND ENERGY ASSOCIATION

Türkiye Rüzgar Enerjisi Birliği (TÜREB), kar gayesi gütmeyen, rüzgar enerjisi ile ilgili bilimsel, teknik ve uygulamalı araştırmaları takip etmek, Rüzgar enerji kaynağının kullanımını yaygınlaştırmak için faaliyetlerde bulunmak amacıyla, 10 Şubat 1992 tarih ve 92/2752 sayılı Bakanlar Kurulu kararı ile kurulmuştur.

TÜREB, Yenilenebilir Enerji Genel Müdürlüğü (Eski EİE), Türkiye Elektrik İletim A.Ş. (TEİAŞ), Enerji İşleri Genel Müdürlüğü (EİGM), Enerji Piyasası Düzenleme Kurumu (EPDK) ve T.C. Enerji ve Tabii Kaynaklar Bakanlığı'nın koordineli çalışmalarıyla Türkiye Rüzgar Enerjisi potansiyelinin ülke ekonomisine kazandırılması doğrultusunda önemli çalışmalarda bulunmaktadır.

TÜREB aynı zamanda Avrupa Rüzgar Enerjisi Birliği (Wind Europe)'nin ve Küresel Rüzgar Enerjisi Konseyi (GWEC)'in resmi olarak üyesidir ve amacı Türkiye rüzgar enerjisi potansiyelini ülke ekonomisine kazandırmaktır.

Turkish Wind Energy Association (TWEA) established at 10 February 1992 with 92/2752 council of ministers decision is a non-profit organisation, follows scientific, technical and practical studies about wind energy and operates in extending the usage of wind energy resources.

TWEA operates at important trainings coordinately with General Directorate of Energy Affairs, Turkish Electricity Transmission Company, General Directorate of Energy Affairs, Republic of Turkey Energy Market Regulatory Authority and Republic of Türkiye Ministry of Energy and Natural Resources for gaining Turkey's wind energy potential to economy.

TWEA is also an official member of European Wind Energy Association (Wind Europe) and Global Wind Energy Council (GWEC) and its purpose is gaining Wind Energy potential of Turkey to the country's economy.

*Founded by KUSGOZ family in 1986 as a contracting company in Iskenderun,
Mobil Crane Rental started in 1993,
Rental Operations started in Izmir Region in 1995,
Crawler Crane Rental started in 2001,
Company started to be more project oriented,
First Crane rented out of Turkey in 2004,
Heavy Transportation started in 2007 with Wind Farms,
First Wind Turbine lifted in 2007,
Operating now in Refineries, Petrochemical Plants, Industrial Plant Construction, Energy
Plants (Coal-fired, Gas-fired, Wind, etc) and Marine Works,
Capable Heavy Lifting, Heavy Transportation and Crane Rental in Turkey and International
Markets.*

The PNE WIND Group is among Germany's leading project developers, covering the entire value chain including development, planning, realisation, financing and operations of wind farms on land. The offshore wind farms at sea are developed up to the point where they are ready to be constructed. The PNE WIND Group currently is also active in 13 countries in Europe, South Africa and North America. The PNE WIND Group has been successfully operating in the wind power market since 1990. In doing so, we make an effective contribution to climate protection and help develop a future-oriented technology. This boosts the creation of sustainable jobs.

re-consult is an independent consultancy company, specializing in Turkey's wind energy sector. With more than ten years of experience in what is a difficult, but very attractive market, we are competent to advise you in all matters of engineering, project development, legal matters and market research.

To ensure bankable results, re-consult operates a wind laboratory accredited under ISO 17025 by TÜRKAK for wind potential measurements.

re-consult is OHSAS certified for the erection of wind measurement masts, underlining our strict commitment to health and safety.

We are also an accredited Designated Operational Entity (DOE) for Green House Gas (GHG) reduction project validation and verification, under the "Clean Development Mechanism (CDM) and Gold Standard".
