TÜRKİYE RÜZGAR ENERJİSİ BİRLİĞİ
TURKISH WIND ENERGY ASSOCIATION

About Turkish Wind Energy Association (TWEA)

Turkish Wind Energy Association was established in 1992 with the decision of the Council of Ministers by the Republic of Turkey, Ministry of Energy and Natural Resources, it is the strongest non-governmental organization in relation to Wind Energy in Turkey. The aim is to add Turkey's Wind Energy potential to its economy. TWEA is also the official member of both the Global Wind Energy Council (GWEC) and the Wind Europe.

TÜREB works for gaining extensive use of Wind Energy Potential in Turkey to the country's economy, coordinated with General Directorate of Renewable Energy (YEGM), Turkish Electricity Transmission Company (TEİAŞ), General Directorate of Energy Affairs (EİGM), Energy Market Regulatory Authority (EMRA) and Ministry of Energy.

Feed-in Tariff and Local Equipment Bonus in Renewables

In Turkey, renewable electricity production is mainly promoted through a guaranteed feed-in tariff mechanism. The Renewable Energy Support Mechanism's feed-in tariff for renewable energy sources is between **7,3 – 13,3 USD cents/kWh** for 10 years of operation.
